NASA SEWP VI Ordering Guide

CATEGORY C - MISSION-BASED ITC/AV SERVICE SOLUTIONS

NASA SEWP VI
Solutions for Enterprise-Wide Procurement

Contract Holder

SEWP OVERVIEW

NASA SEWP VI – The NASA SEWP (Solutions for Enterprise-Wide Procurement), pronounced "soup", provides the latest Information Technology, Communication, and Audio-Visual (ITC/AV) solutions and services for all Federal Agencies and their approved contractors. Created in 1993, SEWP I was the first Government-Wide Acquisition Contract (GWAC) in the federal acquisition space. Originally, the contract vehicle provided only technology products for NASA and all other agencies. SEWP has continually evolved over the past 30 years, expanding its scope to meet the requests of its customers. The SEWP vehicle represents acquisition innovation within the Federal Government. The program is self-funded through usage fees (0.34%) and provides all Federal agencies with acquisition support - more than 50,000 orders a year.

FAIR OPPORTUNTIY

FAR 16.505(b)(1) requires that each contractor be afforded a fair opportunity to be considered for every order exceeding $10,000 under a multiple-award contract. The FAR authorizes the Contracting Officer (CO) to determine the appropriate method for providing fair opportunity and requires the CO to document the rationale for each order placement and its pricing. The NASA SEWP online Quote Request Tool is the recommended method for supporting this process and supplementing the required acquisition decision documentation. The tool automatically identifies and includes eligible Contract Holders within the selected group or based on a recommended source.

Contract Holder:
TrueTandem, LLC

UEI:
JJ8CN6XNE2J8

Cage Code:
53T82

Contract Number:
80TECH26D0838

Period of Performance:
November 1, 2026 - October 31, 2036

Main Office Address:
520 Huntmar Park Drive, Suite A
Herndon, VA 20170

Phone:
(703) 889-6003

Fax:
(703) 935-6437

TRUETANDEM, LLC: FEDERAL TECHNOLOGY SOLUTIONS

Agencies choose TrueTandem when they need more than a technology reseller, they need an accountable partner that can connect strategy, technology, and execution.

Since 2009, the SBA-certified Small Business, headquartered in Herndon, Virginia, has helped federal customers translate complex requirements into secure, practical solutions aligned with mission priorities. TrueTandem combines Microsoft expertise with hybrid cloud, cybersecurity, customer experience, business strategy, software development, data analytics, and advisory capabilities through one coordinated delivery model.

Through NASA SEWP VI, agencies gain streamlined access to skilled professionals and proven technologies while maintaining acquisition discipline and delivery accountability. This integrated approach helps agencies reduce risk, accelerate modernization, strengthen operational resilience, and achieve measurable mission results.

WHAT IS IN SCOPE FOR SEWP VI CATEGORY C?

Representative mission-based service areas include:

If you would like SEWP to determine if your requirement is within scope of the SEWP VI contract, please send an overview and/or bill of materials (BOM) to help@sewp.nasa.gov and we will quickly review and provide feedback.

FAIR OPPORTUNITY

SEWP VI is a multiple-award GWAC. Ordering agencies are responsible for complying with applicable fair opportunity requirements under FAR 16.505(b) and their agency acquisition procedures. Use of the NASA SEWP Quote Request Tool is the recommended method for conducting market research and requesting quotes from eligible Contract Holders.

ORDERING PROCESS

The internal ordering process of each Agency varies. The process and accompanying forms for Purchase Requests (PR) and Delivery Orders (DO) that are issued against a SEWP contract are defined by the issuing Agency, not the NASA SEWP Program Management Office (PMO). The typical process is for an end-user to determine a requirement and generate a Purchase Request (PR).

ORDERING NOTES

Agency ordering procedures vary. Delivery Orders and modifications are routed through the NASA SEWP Program Management Office for review and processing before contractor acceptance and fulfillment.
